To: Prestige Design Co.

Dear Prestige Design Co.,

On the behalf of San Francisco Education Fund, I would like to express my gratitude to you and your team at Prestige Design Co. for redesigning our office space. When we moved in August of this year, we had no interior designer and just had the furniture placed in the room as we saw best. You reached out to us regarding this project at the right time!

Thank you for your open communication throughout the project and your dedication to accuracy. I was impressed when you realized that your initial measurements were inaccurate, that you took the time to return to our office and ensure they were correct. This attention to detail is an asset. I also appreciate that you were early for our appointments. Punctuality is an important asset in client-based work and something that I personally value.

I look forward to showing your design to the Ed Fund staff and implementing your designs in our office space. They are excited to see what the team has designed for us. Thank you for considering our budget and needs into the design. Non-profit organizations generally do not budget for interior design, so your work is so important for us in our new space.

The San Francisco Education Fund appreciates the hard work and dedication the team at Prestige Design Co. has shown in designing our main office and meeting space. We look forward to seeing the work you produce in the future.

Sincerely,  
Shelby Hilo
